MEMORANDUM FOR : Project Director of Administration

SUBJECT : Special Clearance for Detachment A  
Security Officer [Redacted]

25X1

1. Per our discussion of the above subject, I approve obtaining a special clearance for the Detachment A Senior Security Officer. It will be necessary for your people to work out the details of how and by whom the Senior Security Officer will be briefed.

2. I base my approval on the fact that we will have both [Redacted] and a forward area, possibly in Germany, using special intelligence with only the Intelligence Officer in a position to control the security of the special information and maintain the records of those having access to it. With the Senior Security Officer cleared, he can help the Intelligence Officer in the transferring of special intelligence information and in providing proper security. Furthermore, since the Senior Security Officer is responsible for all areas involving classified material, it is only proper that he be given the necessary tools to carry out his responsibilities.
